Areas of Activities

Renewable energy and following infrastructure

Offer & Request

New concept of wind turbines / investment, production cooperation

We are offering completely new proprietary wind energy conversion technology, hybrid wind-sun conversion technology, different approach to wind energy conversion and wind turbines manufacturing process. We are requesting partners in investment and production process.

Keywords: wind energy renewable energy wind-solar hybrides new wind turbine technology new hydro turbine technology advanced transport systems advanced wind energy technology advanced hydro turbine technology

Cooperation Offered

1. Sales / Distribution
2. Manufacturing agreement
3. License agreement
4. Technical co-operation
5. Outsourcing co-operation

Cooperation Requested

1. Investment/Financing
2. Sales / Distribution
3. Manufacturing agreement
