

Vitalij Lebedev

Biogas Project development

UAB Modus Energy Solutions

Bilateral Meetings

- Thursday 10:00 - 12:00
- Thursday 13:00 - 16:30

Description

We are the drivers of the future who offer a great variety of global business and investment opportunities. We mainly focus on renewable energy (Modus Energy, Green Genius), mobility services (CityBee), smart parking solutions ("City Parking Group"), and auto business.

We develop green energy projects across Europe: From large-scale biogas and solar PV plants to industrial and residential roof-top plants.
